INSTRUCTIONS FOR COMPLETING RETURN FOR SALARY & WAGES EARNERS

Note: The income tax law provides severe penalties for persons who make false returns. All forms received will be checked to ensure that they are completed & properly filled. Incomplete forms will not be processed.

GENERAL INFORMATION
The return form allows a person (an individual) to make an income tax return. FRCA will process the return and either give you a refund, advise you that no tax is payable, or ask you to pay tax. The return should be used by the following persons:

- employees (full-time, part-time or casual)

Complete the return form in black or blue pen. PRINT CLEARLY. A typewriter may also be used.

Period of return
In the box at the top right hand of the first page of the return, write the period that the return covers. If this is your tax return for 2012, for example, write “31/12/12” in the box.

Identification/Contact details
Complete all the boxes in this section if they are applicable.

If you do not have a Tax Identification Number (TIN) you can still complete the return and lodge it.

However, you should also complete the form “Joint ID Card Request Form” available from the FRCA website.

If you are married, complete the boxes for spouse’s name, spouse’s TIN, date marriage registered and whether spouse employed in this period.

If you are not a Fijian citizen, write your permit number, write the date of your arrival in Fiji, and (if appropriate) the date you departed Fiji.

If you are expecting the return to give you a refund, and you wish to have the refund sent directly to a bank account, write the bank name, branch and account number in the box provided. The bank account must belong to you.

Residential Status
Tick the box to indicate whether you are a resident or non-resident of Fiji for tax purposes and, if a non-resident, whether you received any pension income in the period.

If you are a non-resident, write your total worldwide net income from all sources in the box provided. You will not be taxed in Fiji on income derived outside Fiji.

You will receive a credit for any tax paid in advance (e.g., for tax deducted from wages under the PAYE system).

Deduct any tax paid in advance from the amount of tax payable on your chargeable income.

If the tax paid in advance exceeds the tax payable on your chargeable income, the difference will be refunded to you.

If the tax paid in advance is less than the tax payable on your chargeable income, you must pay.
